Subject: Appeal of USAC Funding Decision - Docket 02-6

Request for Review

471 Application 1047710
FRN 2859694

Introduction and Background

FRN 2859694 was approved by USAC on 7/17/2015. This FRN was fully utilized and the service provider invoiced USAC for 90% and the funds were subsequently disbursed. On August 15, 2016 we received a revised funding decision letter that stated "Our routine review of schools and library funding commitments has revealed certain applications where funds were committed in violation of SLP rules. After a thorough investigation, it has been determined that this funding commitment must be rescinded in full. The application failed to produce at the request of the administrator the following documentation pertaining to its competitive bidding process, specifically all bids that were received.

As far as we are aware we had provided USAC all bids during a Selected Review. We appealed this decision directly to USAC when we provided copies of all bids received and we also provided our vendor matrix.

USAC Decision on Appeal

We received the "Administrator's Decision on Appeal dated October 12, 2016 stating that our appeal was denied. The reason as follows;

• During the appeal review of your FCC Form 471# 1047710 you requested reversal of the CO MAD decision to seek recovery of improperly disbursed funds. It has been determined that you failed to provide the correct bids for FRN 2859694. In your appeal, you did not demonstrate that USAC's determination was incorrect. Therefore, the commitment has been rescinded in full consequently, your appeal is denied.

• FCC rules require that applicants select the most cost-effective products and/or services offering with price being the primary factor. Applicants may take other factors into consideration, but in selecting the winning bid, price must be given more weight than any other single factor.

Our appeal to the FCC

We are appealing this decision as we did provide to USAC all bids pertaining to this FRN. We are also disagreeing with the suggestion made by USAC that price was not given more weight than any other single factor. That is entirely inaccurate.

We believe that USAC misunderstood our evaluation matrix. As on our bid evaluation matrix (on line 1) "price" is actually the most heavily weighted factor. As price, has the highest number of Points Available, which on our Matrix is "35 total points available". We then have (on line 2) as the next highest factor, "prior positive experience". This on our Matrix has "a total of 25 points available". By "prior positive experience" we meant; what kind of experience we had in dealing with a particular company not necessarily the services that we are requesting at this time. "Positive experience" includes returning phone calls on a timely manner, providing quality and quick customer service, being easy to deal with, dealing with any problems in a timely fashion. We then have (on line 3) as the next highest factor, "experience". This on our Matrix has "a total of 15 points available". By "experience" we meant; that the company has a lot of experience in providing this particular service (not necessary to our school). Being that this FRN is for a somewhat unique service (distance learning) that very few companies provide we preferred a company that has more experience/knowhow in providing this service.

We believe that USAC misunderstood line's 2 and 3 in our matrix to be considered "one factor" and therefore determined that "price" was not the highest factor in selecting our vendor. But as previously explained line's 2 and 3 are two totally separate factors thus price was actually the highest factor in selecting our vendor.

We appreciate this opportunity.

Our routine review of Schools and Libraries Program (SLP) funding commitments has revealed certain applications where funds were committed in violation of SLP rules.

In order to be sure that no funds are used in violation of SLP rules, the Universal Service Administrative Company (USAC) must now adjust your overall funding commitment. The purpose of this letter is to make the required adjustments to your funding commitment, and to give you an opportunity to appeal this decision. USAC has determined the applicant is responsible for all or some of the violations. Therefore, the applicant is responsible to repay all or some of the funds disbursed in error (if any).

This is NOT a bill. If recovery of disbursed funds is required, the next step in the recovery process is for USAC to issue you a Demand Payment Letter. The balance of the debt will be due within 30 days of that letter. Failure to pay the debt within 30 days from the date of the Demand Payment Letter could result in interest, late payment fees, administrative charges and implementation of the "Red Light Rule." The FCC's Red Light Rule requires USAC to dismiss pending FCC Form 471 applications if the entity responsible for paying the outstanding debt has not paid the debt, or otherwise made satisfactory arrangements to pay the debt within 30 days of the notice provided by USAC. For more information on the Red Light Rule, please see <https://www.fcc.gov/encyclopedia/red-light-frequently-asked-questions>.

TO APPEAL THIS DECISION:

- FCC Registration Number (FCC RN) from the top of your letter.

3. When explaining your appeal, copy the language or text from the Notification of Commitment Adjustment Letter that is the subject of your appeal to allow USAC to more readily understand your appeal and respond appropriately. Please keep your letter to the point, and provide documentation to support your appeal. Be sure to keep a copy of your entire appeal including any correspondence and documentation.

4. If you are an applicant, please provide a copy of your appeal to the service provider(s) affected by USAC's decision. If you are a service provider, please provide a copy of your appeal to the applicant(s) affected by USAC's decision.

FUNDING COMMITMENT ADJUSTMENT REPORT

On the pages following this letter, we have provided a Funding Commitment Adjustment Report (Report) for the Form 471 application cited above. The enclosed Report includes the Funding Request Number(s) from your application for which adjustments are necessary. See the "Guide to USAC Letters" posted at <http://www.usac.org/sl/tools/samples.aspx> for more information on each of the fields in the Report. USAC is also sending this information to your service provider(s) for informational purposes. If USAC has determined the service provider is also responsible for any rule violation on the FRN(s), a separate letter will be sent to the service provider detailing the necessary service provider action.

Note that if the Funds Disbursed to Date amount is less than the Adjusted Funding Commitment amount, USAC will continue to process properly filed invoices up to the Adjusted Funding Commitment amount. Review the Funding Commitment Adjustment Explanation in the attached Report for an explanation of the reduction to the commitment(s). Please ensure that any invoices that you or your service provider(s) submits to USAC are consistent with SLP rules as indicated in the Funding Commitment Adjustment Explanation. If the Funds Disbursed to Date amount exceeds your Adjusted Funding Commitment amount, USAC will have to recover some or all of the disbursed funds. The Report explains the exact amount (if any) the applicant is responsible for repaying.

Funding Commitment Adjustment Explanation:	

After a thorough investigation, it has been determined that this funding commitment must be rescinded in full. The applicant failed to produce at the request of the Administrator the following documentation pertaining to its competitive bidding process, specifically all bids that were received. FCC rules require schools and libraries as well as service providers to retain all documents related to the application for, receipt, and delivery of discounted telecommunications and other supported services for at least ten years after the last day of service delivered in a particular Funding Year and to produce such records upon a request of an auditor or other authorized representative. FCC rules further provide that a non-compliance with the FCC's recordkeeping and auditing rules by failure to retain records or to make available required documentation is a rule violation that warrants recovery of any disbursed funds for the time period for which the information/documentation is being sought. Since you failed to produce the above specified documentation upon request of an authorized representative, your funding commitment has been rescinded in full and USAC will seek recovery of any improperly disbursed funds from the applicant.

Your Correspondence Dated: September 08, 2016

After review of the information and documentation provided, the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) has made its decision in regard to your appeal of USAC's decision to adjust the funding commitment amount for the FCC Form 471 Application and funding request number(s) (FRN(s)) referenced above. This letter provides an explanation for USAC's decision. The date of this letter also begins the sixty (60) day time period for appealing this decision. If your Letter of Appeal included more than one FCC Form 471 Application Number, please note that you will receive a separate decision for each funding application.

Funding Request Number(s): 2859694
Decision on Appeal: **Denied**
Explanation:

- During the appeal review of your FCC Form 471# 1047710 you requested reversal of the COMAD decision to seek recovery of improperly disbursed funds. It has been determined that you failed to provide the correct bids for FRN 2859694. In your appeal, you did not demonstrate that USAC's determination was incorrect. Therefore, the commitment has been rescinded in full. Consequently, your appeal is denied.
- FCC rules require that applicants select the most cost-effective products and/or services offering with price being the primary factor. Applicants may take other factors into consideration, but in selecting the winning bid, price must be given more weight than any other single factor. See 47 C.F.R. sec. 54.511(a); also, Request for Review of the Decision of the Universal Service Administrator by
